Invest in charity

Low-cost, high-quality investments to grow your charitable impact

Vanguard Charitable philanthropic accounts allow you to recommend investments, watch your charitable assets grow tax-free, and grant more to charity over time¹—all without sacrificing any tax benefits.

Vanguard Charitable extends the direct benefits of Vanguard’s at-cost investments to your account. Excessive fees can erode an account’s value over time, limiting your potential to achieve your philanthropic goals. Because of our relationship with Vanguard, we can offer even lower investment fees than may traditionally be assessed.

When we work with Vanguard to maintain low investment costs, we keep more of your charitable dollars working for the causes you care about most.

Visit our investments page vanguardcharitable.org/investments for more information on how your account benefits from Vanguard’s sophistication, expertise, and more than 40 years of investment know-how.

In addition to our low investment fees, our administrative fees are tiered so that the more you give, the greater your charitable impact. Donors with account balances of \$1M or more may be eligible for lower administrative fees. To learn more about Premier account benefits, please visit go.vanguardcharitable.org/premier.²

TIFF Multi-Asset Fund

Diversify with an exclusive option

For qualifying donors,³ we also offer access to TIFF Investment Management’s (TIFF) Multi-Asset Fund, an actively managed fund that gives qualifying donors the opportunity to recommend a long-term, intergenerational investment across a broad range of asset classes. Historically only available to foundations and endowments, this globally diversified strategy offers exposure to traditional and alternative investment strategies and access to highly skilled, institutional quality managers. For more information, visit vanguardcharitable.org/investments/tiff.

TIFF Multi-Asset Fund returns are based on the total returns of the underlying investments, net of three components: Fund expenses, change in share price, and reinvestment of dividends and capital gains. Market summary as of June 30, 2021

Investment options composed of underlying Vanguard funds

The human toll of COVID-19 further mounted during the second quarter of 2021 amid fresh outbreaks of the virus and new variants. The global economy nevertheless continued to rebound sharply if unevenly. Countries that have been more successful in containing the virus—whether through vaccinations, lockdowns, or both—tended to fare the best. With the reopening of economies and pent-up demand boosting corporate profits, global stocks finished the quarter significantly higher. U.S. stocks outperformed other developed markets as a whole as well as emerging markets.

The combination of faster economic growth, a recovery in commodity prices, ongoing fiscal and monetary stimulus, and a low basis of comparison from last year pushed inflation readings higher. Although those forces caused some volatility in longer-term interest rates (even as central bank policy kept short-term rates anchored near zero), they ended the quarter lower in several developed markets. The yield of the bellwether U.S. 10-year Treasury note declined by 0.27 percentage points over the quarter to finish at 1.47%. The broad U.S. investment-grade bond market returned almost 2%, and global bonds returned more than 1% in U.S. dollars (as measured by the Bloomberg Barclays Global Aggregate Bond Index).

Vanguard

Vanguard Charitable is one of the largest charities in the United States. We were founded by The Vanguard Group, Inc. in 1997. As an independent, nonprofit, public charity, Vanguard Charitable is focused on increasing philanthropy by administering the highest-value donor-advised fund—a tax-effective way to invest, grow, and give assets to charity.

Although Vanguard provides certain investment management and administrative services to Vanguard Charitable pursuant to a service agreement, Vanguard Charitable is not a program or activity of Vanguard. While we are separate entities, Vanguard Charitable is strongly aligned with Vanguard's principled investment philosophy and unwavering values, including its commitment to ethics, transparency, and at-cost investing.

We firmly believe that minimizing costs can help maximize philanthropic impact. No other donor-advised fund can extend the direct benefits of Vanguard's at-cost investments as we can.
