

# Sustainable Disaster-Relief Fund Request for Proposal

The Sustainable Disaster-Relief Fund (SDRF) was established in 2006 to aid communities affected by natural disasters. This fund supports communities as they rebuild and develop the necessary infrastructure to handle the impact of future natural disasters better.

Disaster relief and recovery occur over four different phases; immediate, intermediate, long-term, and preparedness. The SDRF aims to provide funds that can sustain recovery work beyond the immediate post-disaster period. The SDRF focuses on supporting intermediate, long-term, and ongoing preparedness work and recovery.

Does your organization work to sustain long-term rebuilding and recovery efforts following major natural disasters? If so, your organization may be eligible to receive a grant from the SDRF. To apply for funding from the SDRF, please complete the questions below and email the completed RFP packet to [SDRF@vanguardcharitable.org](mailto:SDRF@vanguardcharitable.org).

**Submission deadline:** 03/15/2022

*Funding is typically awarded by the end of June.*
